EDUCATION

Boston University

Ph.D. in Computer Science; Advisor: Sofya Raskhodnikova

Boston, USA

Sep 2023 – Present

Chennai Mathematical Institute

B.Sc. (Honours) in Mathematics and Computer Science; GPA: 9.89/10.00

Chennai, India

Dec 2020 – Jun 2023

PUBLICATIONS

Testing k -submodularity

Authors: Themistoklis Haris, Diptaksho Palit

RANDOM 2026

Relative-error Unateness Testing

Authors: Xi Chen, Diptaksho Palit, Kabir Peshawaria, William Pires, Rocco Servedio, Yiding Zhang

ICALP 2026

Computational Complexity in Property Testing

Authors: Renato Ferreira Pinto Jr., Diptaksho Palit, Sofya Raskhodnikova

SODA 2026

RESEARCH INTERNSHIPS

Institut de Recherche en Informatique Fondamentale (IRIF)

Advisors: Claire Mathieu, Frederic Magniez

Paris, France

May 2024 – Jun 2024, May 2023 – Jun 2023

- Studied structural properties of the randomized greedy maximal matching of a graph.
- Studied sublinear time algorithms for approximating the maximum matching of a graph.
- First summer was an exchange program for top-ranking senior students at Chennai Mathematical Institute.

National University of Singapore

Advisor: Diptarka Chakraborty

Singapore

Dec 2022 – Jan 2023

- Studied the hardness of computing medians under various metrics like k -distance and edit distance.
- Constructed reductions to prove the NP-hardness of computing a variant of the LCS problem over permutations.

University of Victoria

Advisor: Teseo Schneider

Victoria, Canada

May 2022 – Dec 2022

- Worked on a rasterization application for [PolyFEM](#), an open source rendering tool maintained by professors from New York University and the University of Victoria.

TEACHING EXPERIENCE

Doctoral Teaching Fellow

Boston University

Boston, USA

January 2024 – Present

- Teaching fellow for the following courses: CS332: Theory of Computation, CS537: Randomness in Computing.

Undergraduate Teaching Assistant

Chennai Mathematical Institute

Chennai, India

Sep 2021 – April 2023

- Teaching assistant for the following courses: Introduction to Programming (Haskell), Advanced Programming, Discrete Mathematics, Design and Analysis of Algorithms, English.

Mathematics Mentor

Bajaj Science Education Centre

Wardha, India

Jan 2022 – Mar 2022

- Conducted weekly Mathematical Olympiad classes for high school students.

AWARDS & ACHIEVEMENTS

2023 **BU Dean's Fellowship:** Non-service fellowship for first semester of Ph.D.

2023 **CMI Silver Medal:** Ranked 2nd among 40 students.

2020 **SHRIRAM Scholarship:** Complete tuition fee waiver for undergraduate studies.

2020 **KVPY Fellowship:** Monthly and annual stipend for pursuing basic sciences.
